EditorEye Cookie Policy

1. Introduction

Our website uses cookies.

We will ask you to consent to our use of cookies in accordance with the terms of this policy when you first visit our website. By using our website you are agreeing to this policy, and you consent to our use of cookies in accordance with the terms of this policy.

2. About cookies

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and is stored by the browser. The identifier is then sent back to the server each time the browser requests a page from the server.

Cookies can be used by web servers to identity and track users as they navigate different pages on a website and identify users returning to a website.

Cookies may be either "persistent" cookies or "session" cookies.

A persistent cookie consists of a text file sent by a web server to a web browser, which will be stored by the browser and will remain valid until its set expiry date (unless deleted by the user before the expiry date).

A session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed.

3. Our Cookies

- Login related cookies
- We use cookies when you are logged in so that we can remember this fact. This prevents you from having to log in every single time you visit a new page. These cookies are typically removed or cleared when you log out to ensure that you can only access restricted features and areas when logged in.
- Site preferences cookies
- In order to provide you with a great experience on this site we provide the functionality to set your preferences for how this site runs when you use it. In order to remember your preferences we need to set cookies so that this information can be called whenever you interact with a page is affected by your preferences.

4. Third Party Cookies

In some special cases we also use cookies provided by trusted third parties. The following section details which third party cookies you might encounter through this site.

- This site uses Google Analytics which is one of the most widespread and trusted analytics solution on the web for helping us to understand how you use the site and ways that we can improve your experience. These cookies may track things such as how long you spend on the site and the pages that you visit so we can continue to produce engaging content.
- For more information on Google Analytics cookies, see the official Google Analytics page. Google's privacy policy is available at: http://www.google.com/privacypolicy.html.
- From time to time we test new features and make subtle changes to the way that the site is delivered. When we are still testing new features these cookies may be used to ensure that you receive a consistent experience whilst on the site whilst ensuring we understand which optimisations our users appreciate the most.

5. Cookies and personal information

Cookies do not contain any information that personally identifies you, but personal information that we store about you may be linked, by us, to the information stored in and obtained from cookies.

6. Blocking cookies

Most browsers allow you to refuse to accept cookies. For example:

(a)   in Internet Explorer (version 11) you can block cookies using the cookie handling override settings available by clicking "Tools", "Internet Options", "Privacy" and then "Advanced";

(b)   in Firefox (version 59) you can block all cookies by clicking "Tools", "Options", "Privacy", selecting "Use custom settings for history" from the drop-down menu, and unticking "Accept cookies from sites"; and

(c)   in Chrome (version 65), you can block all cookies by accessing the "Customise and control" menu, and clicking "Settings", "Show advanced settings" and "Content settings", and then selecting "Block sites from setting any data" under the "Cookies" heading.

Blocking all cookies will, however, have a negative impact upon the usability of many websites.
If you block cookies, you will not be able to use all the features on this website.

7. Deleting cookies

You can also delete cookies already stored on your computer. For example:

(a)   in Internet Explorer (version 11), you must manually delete cookie files (you can find instructions for doing so at http://support.microsoft.com/kb/278835);

(b)   in Firefox (version 59), you can delete cookies by clicking "Tools", "Options", "Privacy" and then "Show Cookies", and then clicking "Remove All Cookies"; and

(c)   in Chrome (version 65), you can delete all cookies by accessing the "Customise and control" menu, and clicking "Settings", "Show advanced settings" and "Clear browsing data", and then selecting "Delete cookies and other site and plug-in data" before clicking "Clear browsing data".

Again, doing this may have a negative impact on the usability of many websites.

8. Contact us

This website is owned and operated by MarketClusters Limited.

If you have any questions about our cookies or this cookies policy, please contact us:
